

TYRES, RIMS AND ASSEMBLIES

The complete package for trailer and caravan

Tyres, rims and complete wheels

www.etc.nl

Trailer tyres

Within the trailer and caravan tyre segment, ETD's premium brand Security holds a strong position in the European market. Additionally we have multiple brands for different market segments. The range includes all common trailer tyre sizes, such as 155/80R13, as well as sizes for heavy applications (185R14C and 195/50R13C), and several special sizes for niche applications.

Complete wheels

ETD is a leading supplier of tyres, rims and complete rims for trailers and caravans, serving renowned OEMs across Europe. With extensive experience and expertise, we are the most reliable partner in the industry for many years. To ensure fast delivery, we maintain a large stock in our warehouse in Strijen - available for both OEMs and aftermarket customers.

Through our online shop www.etc.nl, you can easily order complete wheels by entering the required tyre or rim size, or by selecting the "complete wheels" category.

If your preferred combination is not listed or in stock, please contact us. With a fully automated assembly line supported by multiple additional lines, we can quickly assemble any wheel combination.

- Complete range - 8-16 inch
- Wide variety in load capacity
- High quality standards
- In-house state-of-the-art assembly line
- Quick delivery

Trailer rims

ETD offers a wide range of steel and aluminium rims for trailers and caravans. All our rims are thoroughly tested and supported by test reports. Our SRW and Forlong rims are also certified by TÜV Rheinland. Our suppliers ensure consistent quality, they apply a strict manufacturing tolerance of just 1 mm for both radial and lateral run-out.
